DETAILED ACTION

Response to Amendment

This Office Action is responsive to the appeal brief filed 09/06/07.

Status of Claims

Claims 1,9-12, 17-18 and 20-21 were previously presented. Claims 2-8, 13-16 and 19 are original. Thus claims 1-21 are currently pending.

Allowable Subject Matter

Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record is Huberman, US Pat. No. 6,078,906 and Sklut, US Pat. No. 5,790,119.

Huberman teaches a system and method to enable and facilitate networked, automated, brokered auctioning of document services. In Huberman, the broker provides a job ticket service by handling requests for document services on behalf of customers and suppliers. In Huberman, the broker also provides a bidding service because the suppliers can place competing bids to perform the job request.

Sklut teaches a job ticket programming system and method. Sklut further teaches the application of object-oriented methodologies in this environment.

Independent claims 1, 10, 17 and 21 are allowed because neither Huberman or Sklut teach or suggest that the job ticket is stored as an object and that the job ticket as stored as the object accessed by the client. Dependent claims 2-9, 11-16 and 18-20 are allowable based on the same rationale as the claims from which they depend.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
